Journey

A Story to Tell ...

Christmas is a time for sharing stories, a time to journey, a time to explore and unwrap the priceless gift within each one of us.

The Christmas Story comes alive and is shared with energy and hope. Dance, music, prayers and symbols are used to create an atmosphere of joy and celebration as we prepare to welcome the *Light of the World*.

We will use dance and movement to provide a creative expression of faith, enhancing the spiritual journey as well as encouraging growth in the areas of self-esteem, personal development and group participation.
