

Beyond our Expectations creative worship

*Move beyond the familiar?
Open up to exploring your prayer life?*

You never know what to expect in a relationship with God. Dance and the use of movement in worship gives a freedom which releases the soul to move, to be in touch with God.

If you like the sound of this, or you feel open to the challenge, then our workshop weekend may be for you. Kevin & Oonagh Atkinson, based in the North East, are coming to House of the Open Door Community to deliver a weekend using dance and movement – looking at self, faith and outreach. They have been dancing for many years and, as well as having their own company which works in schools/parishes/community groups etc, they co-ordinate a group of 30+ dancers of all ages and abilities. No previous dance experience needed, just a willingness to move beyond ... !
